Safety report
2025-2026

Student Safety Data Systems (SSDS)

The Student Safety Data System (SSDS) collects two types of information from schools through districts:

- Incidents of violence; vandalism; harassment, intimidation, or bullying (HIB); weapons offenses, substance offenses; and any other incident leading to student removal from school
- HIB trainings and programs.

(SSDS) Incident Types

Any incident that meets the Incident Type Definitions for one of the SSDS incident types must be reported through the SSDS system, regardless of whether any disciplinary action was taken. The incident types are as follows:

- Arson • Assault • Computer Trespass • Damage to Property
- False Public Alarm • Fight • HIB Alleged • HIB Confirmed
- Kidnapping • Robbery/Extortion • Sexual Assault • Sexual Contact
- Substance Offense • Theft • Threat – Criminal • Threat – Simple
- Trespass • Weapon Offense • Other Incident Leading to Removal

ANNUAL K-12 SITE ASSESSMENT

Pursuant to N.J.S.A. 18A:41-14, New Jersey school districts and nonpublic schools are required to assess the security features and vulnerabilities of school buildings and grounds on an annual basis, utilizing a checklist provided by the New Jersey Office of Homeland Security and Preparedness (NJOHSP), in collaboration with the New Jersey Department of Education (NJDOE).

The NJDOE and NJOHSP have identified the SITE ASSESS tool as the requisite tool to fulfill the assessment and reporting requirement

SEPTEMBER 2025

Prevention is the first and best line of defense against emergency and crisis situations. However, emergencies and crises sometimes occur despite the best efforts to prevent them. Therefore, this handbook is distributed in appreciation of and for immediate reference during an event. Each employee should keep this reference readily available.
